SECURE⬤NET
आप सुरक्षित तो देश सुरक्षित

- High-speed performance with minimal signal loss
- Supports bandwidths up to 500 MHZ
- Compatible with Fast / Gigabit / 10-Gigabit Ethernet
- Enables upto 10 GB internet connectivity for LAN networks
- Ideal for reliable and stable data transmission

Patch Cords

Choose wisely... live safely... becoz data speed matters

- Made of 8 multi strand 100% bare copper wires (24 AWG)
- Features 4 unshielded twisted pairs (UTP) for reliable data transfer
- PE cross insulation separates pairs to minimize crosstalk
- Protected by a durable 5.8mm PVC outer jacket
- Equipped with RJ45 gold-plated connectors for superior connectivity
- Ensures stable and high-performance network transmission
- 1M, 2M, 3M, 5M & 10M

MISSION

To be the market leader in security solutions and a reference point that adapts to the trends of the security industry through innovation. The goal is to become the best in innovations and to design products based on expectations and future requirements, as well as to provide people with innovative products considered the best and most efficient.

It is the responsibility of the organization to drive the development of security solutions by combining technology with empowered research. Emphasis is placed on the capacity to closely observe emerging trends and determine how best to apply them to product creation. Every product released to the market not only meets but surpasses industry standards, supported by a pool of highly qualified workers and strict adherence to quality standards. The goal is to provide customers with the longest-lasting and best security solutions possible.

FOUNDER'S VISION

At Securenet, my mission has always been simple - to make safety accessible to every home, every workplace, and every individual. I believe world-class security shouldn't be a luxury. With relentless focus on innovation, quality, and affordability, Securenet is on the path to becoming a global brand that people trust with their lives and spaces. Your safety is our purpose.

Shiv Shankar Singh, Founder
